

Dear Parents and students,

I hope you all are doing well and healthy. This is the first assignment for the fourth quarter. I recommend that you do these assignments in order. Remember in this final quarter, no assignment will be graded but I am providing them in the hopes that you will continue to grow in your Math achievement and skill. Also please remember that Math 7 is the foundation on which you will build your skills for pre-algebra. Please e-mail me if you have any questions or need feedback from something.

1. Login to clever and go to brian pop and you should see an assignment that I have posted on **scientific notation**
  - a. Core 1 Login Information  
<https://www.brainpop.com/dashboard/assignments/b14f1056acb42d57/periods/9de7fa88e570bb17>
  - b. Core 2 Login Information  
<https://www.brainpop.com/dashboard/assignments/b14f1056acb42d57/periods/1812785815036262>
  - c. Core 3 Login Information  
<https://www.brainpop.com/dashboard/assignments/b14f1056acb42d57/periods/cf8a29c25105674e>
2. To practice Square Roots you can do a fun desmos activity  
<https://student.desmos.com/?prepopulateCode=7caj5b>
3. To practice comparing and ordering fractions decimals and percents go to the websites
  - a. **join.nearpod.com** and enter the code **KOWMN**
4. Watch the following video to practice absolute value

- a. What is the definition of absolute value?
  - Is the absolute value always positive?
  - Absolute value and negative answers
  - How to you find the absolute value of rational numbers?
- 5. Go to clever and go to **study island**
  - a. Go to Assignment 1 Quarter 4 and complete all the modules. Do not just skip the modules and take the assessment at the end. You need to get at least 70% or higher on these

Kind Regards,

Mrs. Richard
